#### Only a Detail.

Little Jackie was spending a holiday  
in the country and was highly enter-  
tained by everything he saw in the  
barn and farmyard.  
The old red hen's cackle to announce  
that she had laid an egg was a never-  
failing source of delight. He always  
wanted some one to get the egg im-  
mediately.

One day he was allowed the privi-  
lege of going all by himself to fetch  
the treasure.

In a few minutes he came running  
back excitedly, but his eagerness was  
too great. He tripped and fell.

In a minute his hands and blouse  
were stained yellow as he clutched bits  
of broken shell.

But he came up smiling to his  
mother.  
"O, mummy!" he cried, as he held  
up the fragments. "I had a fall, but  
it's all right, 'cause I didn't lose any-  
thing, only the juice!"—Philadelphia  
Inquirer.

the boss when he put in appearance.

man quite coolly.

"And how dare you get your hair  
cut in my time?"

"Well, didn't it grow in your time?"

## The Cost of Roofing

Figure the cost of roofing by its cost per year's  
service and not by its price per package. The  
kind of roofing that you want is the kind that's  
easiest to lay, that lasts the longest and takes the  
least labor to keep in repair. That roofing is  
Ruberoid.

## RU-BER-OLD ROOFING-SHINGLES

are manufactured under meth-  
ods that enable The Ruberoid  
Co. to turn out the best roof-  
ing products possible to make  
—and they are the pioneer in  
the ready-roofing field.

But remember—you cannot  
tell how long a roofing is go-  
ing to last by looking at it. It  
is easy to make a roofing of  
cheap material that looks just

like Ruberoid but it will not  
wear like Ruberoid. So don't  
be influenced by "looks" or  
"feel" but buy the roofing  
that you know is going to give  
you honest service for the  
money that you pay.
